MODEL: **BaSix BSX-MHB-X**

BaSix Mobile Hand Wash Station. Designed to help operations meet their requirements to provide hand-wash facilities for staff and customers on site. The BSX-MHB-X model should be used where no hot and cold water supply and waste connection are present. Manual foot valve. 2x 12.5L water and waste collection containers. Manufactured from stainless steel, includes spout with water saving diffuser, front lockable hinged door, 2x removable castors and integrated grab handle within the splashback to allow simple transportation.

Mobile: Yes
Controls: Hands-Free

FEATURES & BENEFITS

- UK manufactured
- Manual foot pump valve operated
- Large foot void of 245 x 180mm - for ease of operation
- Spout fitted with water-saving diffuser
- 1x 12.5L water container and 1x 12.5L waste collection container (spares available on request to allow easy continual use)
- 1x 12.5L water container provides over 17 hand washes per litre (over 210 in total)
- Alternative ultra water-saving diffuser supplied. If fitted, this provides a market leading number of hand washes, with over 24 hand washes per litre (over 300 in total)
- An extremely small footprint of only 384 x 360mm
- Reinforced PVC water hoses and flexible waste connection
- High grade polished 304 stainless steel for the bowl and corrosion resistant 430 for the main body
- Reinforced, heavy-duty stainless steel foot plate
- Splashback - to protect walls from water splashes
- Front hinged door, with ¼ turn thumb latch, to access stored water and waste containers in use
- 2x castors and splashback grab handle allows simple transportation
- Castors can be removed to allow flush to wall fitting if desired

TECHNICAL INFO

- WEIGHT: 15.5 kg (with empty containers and no optional soap dispenser)
